

# Art Pretty Photo

Joomla! extension to display images/galleries/videos/external pages in pretty highly customizable popup window

## GENERAL INFORMATION

[Art Pretty Photo](#) - Joomla! extension to display images/galleries/videos/external pages in pretty highly customizable popup window .

## FEATURES

- Can display single images, image galleries, videos (youtube), flash, external pages
- Can display images from Flickr feed
- Can display images from Flickr photo set
- Can display Picasa album
- Several configurable options: animation speed, allow resize, show title, etc.
- 5 themes: light rounded or light square, dark rounded or dark square, facebook-style theme

## Using the extension

Extension comes as plugin. After you receive the download link you need to install both plugin and module in Extensions -> Install/Uninstall in your Joomla! back-end

## Plugin

In order to use plugin you need to make sure it is enabled in Extensions -> Plugin Manager -> Art Pretty Photo. Plugin is used by putting plugin code into the article. Go to Content -> Article Manager to create new article or edit existing one.

Good practice is to insert plugin code in plain text mode since some WYSIWYG editors can place inappropriate characters, like replacing " with &quot;

## Plugin code examples

- **1. Show images from local folder:**  
`{artprettyphoto path="images" /}`
- **2. Show images from local folder and resize thumbnails to 100x100 pixels:**  
`{artprettyphoto path="images" width="100" height="100"/}`
- **3. Show images from local folder and generate thumbnails from full size images: width 100px and appropriate height to save aspect ratio:**  
`{artprettyphoto path="images" width="100" autoGenerateThumbs="true"/}`
- **4. Show images from Flickr feed:**  
`{artprettyphoto flickr="FLICKR_USER" /}`
- **5. Show images from Flickr album:**  
`{artprettyphoto flickrApiKey="FLICKR_API_KEY" flickrNumberOfImages="25" flickr="FLICKR_USER" flickrSet="FLICKR_PHOTO_SET" flickrImageSize="o" /}`
- **6. Show images from Picasa album:**  
`{artprettyphoto picasaUser="PICASA_USER" picasaAlbum="PICASA_ALBUM"/}`
- **7. Show youtube video:**  
`<a href="http://www.youtube.com/watch?v=75sNUBWU5jk" rel="prettyPhoto" title="">youtube video example</a> {artprettyphoto theme="facebook" /}`
